

Make-Up

Our make-up used is the well known range 'Repechage - experiencing is believing'

We also use the same range for our facials - this range of products contains a large amount of seaweed and other natural ingredients.

The make-up is natural and will not clog your pores - we even use it straight after you have had a facial!!

We pride ourselves on offering a complete wedding package to suit each and individual bride to ensure that she feels completely special on the run up to the wedding and of course on the big day.

We offer Make-up lessons to show you how to apply make-up correctly and make the best of your features.

We offer a cleanse and make-up for those going out to a special evening event or for that all important interview.

CLEANSE & MAKE - UP £17.85
